

## PT-FlowCyt logo context

The Portuguese Flow Cytometry (**PT-FlowCyt**) network is a new initiative that aims at bringing together the expertise and resources available in 19 high-standard Portuguese institutions, including research institutes, academia and one clinical center, around a common goal: exceling flow cytometry in Portugal.

PT-FlowCyt will start its activities in 2023, including the organization of training workshops, a program of advanced seminars in flow cytometry, and maintaining regular user-oriented support sessions.

We are now launching a design competition for the PT-FlowCyt logo, to be used as the visual identifier for all future activities involving PT-FlowCyt.

### Eligible Candidates:

- BSc, MSc and PhD students, Postdocs and Researchers

### Requirements for the logo:

- images with high definition (minimum 300 dpi), preferably “vector based”, transparent background (accepted formats EPS, PDF, JPG, PNG)
- PT-FlowCyt acronym has to be part of the logo
- submission of color, monochrome and negative versions is encouraged
- submissions must be accompanied by a statement releasing property rights for the use of the logo to the network

### Prize:

- Free attendance to a workshop on Flow Cytometry: “Exploring the Multitude of Flow Cytometry Applications”, Universidade do Minho, April 14th 2023 ([https://www.med.uminho.pt/en/Post-Graduation/courses/cytometry/Documents/Cytometry2023\\_workshop\\_Apr14\\_programme.pdf](https://www.med.uminho.pt/en/Post-Graduation/courses/cytometry/Documents/Cytometry2023_workshop_Apr14_programme.pdf))

Or

- 30% off in the 4<sup>th</sup> FlxFlow Course - Principles and Applications of Flow Cytometry, Champalimaud Foundation, 8-12<sup>th</sup> May 2023 (<https://flxflow.pt/>)
- Winner and two runner-ups will be publicly announced and receive a diploma

### Jury:

- Outreach Workgroup (Margarida Gama-Carvalho and Elsa Cardoso) and Coordination committee (Catarina Meireles) of PT-FlowCyt

### **Deadline for submission of proposals:**

**April 1<sup>st</sup>, 2023**

**Submission by email:** PTFlowCyt.outreach@gmail.com
